Exporter Certification

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.

Exporter Printed Name:	Alan S. Ronald
Exporter Signature:	
Date of Signature:	30-Jan-12

OTIS US ANG Base

Waste Reduction Page

As required in 40 CFR 262.56(a)(5) and 40 CFR 262.87(a)(5), Except for hazardous waste produced by exporters of greater than 100 kg but less than 1000 kg in a calendar month, unless provided pursuant to §262.41 [biennial report], when submitting in even numbered years:

(i) A description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated:	Due to a loss of the flying mission, the 2 fuel storage tanks with approx 1.5 mil gal capacity had to be removed. During demolition a leak was discovered in the bottom of one tank. The contaminated sand cushion and soil were removed and shipped. This was a one time exceedance of our SQG status.
(ii) A description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available for years prior to 1984:	With the demolition of the fuel tanks, there has been no jet fuel stored on Otis ANG Base which reduces the amount of waste generated. The loss of the flying mission and aircraft eliminates the need for numerous toxic chemicals.

Export Data by Destination

[illegible]

Acceptable Units of Measurement
G = Gallons (liquids only)
K = Kilograms
L = Liters (liquids only)
M = Metric Tons (1000 kilograms)
N = Cubic Meters
P = Pounds
T = Tons (2000 pounds)
Y = Cubic Yards
